

# Field Goal scoring proposal

## Field goals missed:

1-39 yards= -3 points deducted from PK score.

40-49 yards = -2 points deducted from PK score.

50+ yards = 0 points deducted from PK score.

## Field goals made:

1-39 yards = 3 points awarded

40-49 yards = 4 points awarded

50+ yards = 5 points awarded

## Blocked Field goals

A kicker who has a field goal blocked (from any yardage) will not be penalized for three negative points for such play.

## Reasoning

Blocked field goals are not a direct reflection of the kicker's performance. Blocked field goals are the results of breakdown(s) at other position(s).
