

Pork Butt Weekly Write-Up

Intro

Ah yes, you hear feel that? That is the Honeymoon phase leaving us behind, and now we enter The Grind. The cruel, stressful, and torturing part of our season. First off, manager's have to navigate bye-weeks (always fun, yeah?), injures (Nabers, Hill, just to name a few), and players trending downward (A.J. Brown to name one).

Cowboys and Packers squared off in what should have been a Packer defense stand. However, neither team has a defense and they ended in a tie. Seahawks stifled a fourth quarter Cardinal comeback and left with the win. DA Bears needed a last second field goal block to escape the Raider in Vegas. The Giants finally got a win as they upset the Chargers, they might have won the game, but they lost Nabers for the season. Vikings flew to Ireland to play the Steelers and were not able to get the win abroad.

Game of the Week

Rich v Dino

Dino led for three quarters in this matchup, but we play four quarters in this league. Coming off a come from behind win against Mike, Dino found out first hand what it is like losing in the fourth quarter. Rich had a forty-five point deficit but had four players going in the fourth quart. Rich mounted his comeback, scoring here and there and finally got his first win, 128-123.

Snore of the Week

Crazy week last week as we had no snore. Teams battled, yes there were lopsided scores, but there was no dull moments during the games.

Matchups

Jake v Mike

Well, Mike's team came alive in this matchup and cruised to a victory getting him back to .500. Heading into the fourth quarter Jake was chasing a sixty point deficit, mounting a comeback, he managed to score some points, but Mike kept the pedal down and cruised to a 194-131 win.

Sky v Brandon

Both teams brought it this week as this was quite an entertaining game. Sky led from the beginning but in the fourth quarter Brandon edged closer, but was not able to overcome the deficit. Sky won this game 139-122.

Dave v Andrew

Man, did I call this game last week in my projections (FUCK YOU LAMB). Andrew's team had a season high output and broke into the win column this week. This was not a close game, and it showed in the final score, 151.50-121.50.

Jason v Chaka

This game had two questions last week. First, could Chaka bounce back from his first loss. That was answered early in this matchup. Second question, could Jason's team keep the scoring going. Yes, yes they did. His team is throwing up points at will, and the wins continue, 183-122 Jason, handing Chaka his second loss in as many weeks.

Next Week

Brandon v Mike

Mike is a thirty point favorite in this game, but I am not buying the thirty points. I am thinking this will be a little closer than that. Mike gets the win, moves to 3-2. Oh, and RSO believes Mike will win also.

Andrew v Jake

Family drama here, as Brother-in-laws square off. Andrew is coming off his first win (FUCK YOU LAMB) and he is looking to keep the streak going. In the other camp has Jake coming off a drubbing from Mike and needs the win to keep in the bunch for the playoff top six. RSO has Jake winning this game by forty-eight, and I'm not sure who to believe, RSO numbers, or the week Andrew had last week (the potential is there). Love isn't playing the Cowboys, so I do not think points will be excessive, I am going with Jake on this one.

Dino v Chaka

Both teams are trying to get the ship back on course and get the win. I'm going with Chaka in this one as Dino has needed some late quarter antics to get wins. RSO has Chaka by ten, and I could not agree more.

Sky v Jason

A battle between the one and two seeds give us the possibility of a shootout. Jason's team is currently the best in the league (it is not the playoffs, so it is safe to say that), while Sky has proved his team is dangerous. Jason is the favorite in this game, I have to concur.

Dave v Rich

A possible snore this week. Rich is trying to crawl back in the middle of the pack, while Dave is recovering from last week's loss (FUCK YOU LAMB) to Andrew. Rich keeps the winning ways going and ekes out the win. Let us check with RSO, they say Rich should win by four points.

Mish Picks

CORRECT	INCORRECT
9	6

Hot Damn! Not sure what happened last week but my picks were a perfect 5-0, thrusting me into the positive (for this week). Finally, no upsets to throw me off my path.

Final Handy

Then there was one, left atop the undefeated mountain, and his name is Jason. How long can he stay there, not sure, his offense is firing on all cylinders, and it is the regular season, where Jason is the most dangerous, we all know his playoff record so enjoy it while it lasts, the league is gunning for you. Rich and Andrew broke the 2025 win cherry (FUCK YOU LAMB), now the question is can they keep the winning ways going? The rest of us are all packed into the middle of the standings, only to get sorted out as we navigate The Grind. With that, may your beer be cold, Karma finds you today, and fuck your team....'mish out.
